

AMS ECS eInvestigations Manual

LIT Members

Before you start ...

The AMS Climate Studies **eInvestigations Manual** is provided in the **ePUB** eBook format, which ensures optimal usability across a spectrum of devices. To open your eInvestigations Manual, you will need an ePUB reader. A variety of free downloadable software is available for your device.

All incorporate and require a free Adobe ID. Your software will guide you through creating an Adobe ID, and authorizing your computer.

- For your computer (PC or Mac), install Adobe Digital Editions
adobe.com/products/digital-editions/download.html
- For your iPad or iPhone, use the BlueFire app
- For your Android device, Aldiko is a compatible reader
- Devices such as the Nook or Sony readers carry built-in software, and may read a copy of Manual transferred from your computer (both computer and device must be authorized)

Install your ePUB reader ***before*** downloading your **eInvestigations Manual**.

Downloading your eInvestigations Manual

1. Go to: bookstore.ametsoc.org/CSIMFAC
2. Click "Add to Cart"
3. Enter Coupon number **CSIM-Fac-13/14**
4. Click "Apply to order"
(This brings your payment amount to \$0.00)
5. Click "Checkout"
6. Enter personal Information
(If you are a returning visitor, this information will automatically be filled in for you)
7. Review Order
8. Submit Order
9. Download file (if given the option to ***open*** or ***save*** the file, choose ***open***)
10. Authorize your computer with your Adobe ID and password (select Adobe ID as your eBook Vendor)

Tips for reading your eInvestigations Manual

1. Add your **eInvestigations Manual** to your ePUB Reader's library. This allows you to:
 - re-open your book faster, and at the page last read
 - bookmark, highlight and take notes right in your book
2. For Desktop users, resize your ePUB Reader's screen to display text in multiple columns if this better suits your reading style.
3. Resize text to a comfortable reading size. This also resizes images. Some ePUB Readers include an image viewer that allows you to enlarge images independently of text, but you may always access any of the images in your **eInvestigations Manual directly** from the AMS RealTime Climate Portal.

Your **eInvestigations Manual** expires 365 days after download.
