

DataStreme Earth's Climate System (ECS)
Week Twelve – Current Climate Studies Answer Form

Name: _____

1. (adaptation) (mitigation)
2. (adaptation) (mitigation)
3. (reactively) (proactively) (both of these)
4. (global) (local and regional) (national)
5. (moderate potential damages) (take advantage of opportunities)
(cope with the consequences) (all of these)
6. (have been) (will be)
7. (78) (780) (7800)
8. (EPA) (OSHA) (CDC)
9. (reduction of greenhouse gas emissions)
(a process that removes greenhouse gases from the atmosphere)
10. (reduction of human-caused greenhouse gas emissions)
(the removal of a greenhouse gas from the atmosphere)
11. (would) (would not)
12. (modest) (very deep)
13. (immediately) (within a decade or two) (only after decades or more)
14. (local) (global)
15. (mitigation) (adaptation) (by either mitigation or adaptation)
(only through a combination of mitigation and adaptation)
16. (mitigation) (adaptation) (both mitigation and adaptation)
17. (mitigation) (adaptation)
18. (mitigation) (adaptation)
19. (mitigation) (adaptation)
